Keeping Local Dollars Local

Community eGift Cards have kept \$2M in spend local since Dec 2017. All-digital Community Cards are custom-branded and redeemed as virtual vouchers, powered by MasterCard, from mobile phones or printed. With no back-office administration, funds are automatically paid to the merchant providing the goods/services via your merchant acquirer/Mastercard.

Local companies use them for employee rewards, customer appreciation, marketing and other programs. Realtors use them to thank their customers. Consumers buy them for gifts. Join now to get your fair share of this new business!

Grand Forks 

Q: Is there a deadline to participate?

A: We are planning a launch on **March 1st** to introduce the community to our new Community eGift Card. Sign up before then so that you are a part of the launch program and get this incremental business. <https://app.yiftee.com/gift-card/grand-forks> > Become a Participating Business

Q: How to I sign up?

A: To participate <https://app.yiftee.com/gift-card/grand-forks> > click "Become a Participating Business". Your business info will be added to the Card program and sent an Activation Card, which is a 10 cent prepaid Mastercard. Running the Activation Card is your authorization to opt-in to the program which means you agree to the Yiftee Merchant Agreement here: <https://bit.ly/2Bqrbxm>

Q: What if I can't process the Activation Card, which is a \$0.10 credit card transaction?

A: No problem. Process the Activation Card for your minimum amount. It will be declined but Yiftee will get the information they need to add you to the program.

Q: What if I can't key in a Mastercard?

A: This is very unusual. We can introduce you to a processor who will allow you to do this.

Q: What if the purchase is for more than the Community eGift Card value?

A: Run the Community eGift Card for the remaining balance on the card, and ask the customer for a different form of payment to cover the rest of the transaction.

Q: What do I do if the eGift Card is "declined"?

A: The transaction is declined if you try to redeem more than the value of the card, or if any of the redemption information is mis-typed. Start the transaction over with the correct value and info.
